FOR IMMEDIATE RELEASE

finPOWER congratulates Adam Kondisenko on his appointment as Development Lead

Brisbane, Australia – 3 September 2025 – finPOWER is proud to announce the appointment of **Adam Kondisenko** as Development Lead, recognising his outstanding contribution and long-standing commitment to the business.

Adam has been an integral part of the finPOWER team for over 11 years, serving as a Senior Software Developer since 2014. With expertise in **VB.NET, C#, SQL/T-SQL, JavaScript/jQuery, and XML/JSON**, and a proven ability to customise the finPOWER Connect platform to meet the unique needs of lenders, Adam brings both deep technical knowledge and practical industry experience to his new leadership role.

Adam's career began in application support at Dealer Solutions before completing his Bachelor of Technology in Information Technology at RMIT University. Since joining finPOWER, he has honed his skills in software development, problem solving, and business requirements gathering — consistently delivering scalable and innovative solutions to customers across all segments of the lending industry.

In his new role, Adam will support **Head of Development, Matt Norton**, in leading the development team and shaping the future of finPOWER Connect. His focus will be on enhancing coding practices, strengthening quality assurance, and guiding the team to deliver innovative and reliable solutions that meet the evolving needs of lenders across Australia and New Zealand.

“Adam has extensive experience across every customer segment and a deep understanding of finPOWER,” said **Matt Norton, Head of Development at finPOWER**. “He is meticulous when it comes to coding standards, and while we already have strong QA processes in place, Adam is taking these to the next level. By refining our standards and mentoring the wider team on best practices, he’s ensuring we continue to deliver high-quality, future-ready software for our customers.”

“I’m incredibly honoured to step into the role of Development Lead,” said **Adam Kondisenko**. “This opportunity comes at an exciting time for finPOWER, as we continue to evolve the platform and embrace new technologies. I’m deeply thankful to the leadership team for their trust and support, and I look forward to working with our talented team to deliver innovative solutions that drive real value for our customers and help shape the future of lending.”

The entire finPOWER team congratulates Adam on this well-deserved appointment and looks forward to the next chapter of growth and innovation under his leadership.
